Tribute to Mr. Mohamed Said Benhafid (1949-2016)

The date of November 12th, 2016 will remain engraved forever in our memory. It is the date of the tragic loss of Mohamed said Benhafid, former director of the School (1997-2015).

One year has passed now, many emotions are coming over each time we mention this person who dedicated a big part of his life in the service of the school where he indeed became a notorious figure during more than 18 years as director during which the ENSH has distinguished itself, in its field, from other establishments thanks to his vision which was based on the listening and the motivation which he granted to his collaborators as well as the teachers and employees.

Besides his professional qualities, nobody can deny his exceptional human qualities which were recognized by all. Indeed, for many of us, he earned the distinction of a spiritual father who came every time to the help and find solutions to professional and social problems.

Our present tribute will have hardly effect if it is not confirmed by a will from all the community of the ENSH, a will to continue the wish of the deceased which was the promotion of our school to the highest ranks and a world-wide opening.
