## Participation of the school at the 26<sup>th</sup> edition of the national day of agricultural extension

ENSH participated in the 26th edition of the national day of agricultural extension, under the theme "One tree for every citizen" which took place on October 2nd, 2019 at the agronomy institute of Saad Dahleb University of Blida.

## visit of the national television channel

The team of the UFC ENTV, carried out a report on the opening of a new option "the Reuse of Irrigation Unconventional Waters" for the benefit of students of the third year second cycle at the ENSH for the academic year 2019 - 2020.

### Meeting with the media

\* On October 18th, 2019, **Pr. MIHOUBI Mustapha Kamel**, on the show TV "في رحاب الجامعة" at the ENTV.

\* November 10, 2019, **Pr. MEDDI Mohamed**, the UFC radio.

\* On November 14, 2019, **Mrs. MEJDOUB Sonia**, the UFC radio.

On November 15, 2019, **Dr. DJOUDAR HALLAL Dahbia**, on the show TV "في رحاب الجامعة" at the ENTV.

### WELCOME GA3

The school's HEC club (Hydraulics Engineers Club) organized an information and communication day on 21st October under the title "WELCOME GA3" in order to welcome and make known the missions and objectives of the club, as well as the disciplines of training.

## External evaluation for pre-file of admissibility

As part of the activities of RME and in order to develop the quality of teaching and promote the engineering degree, the ENSH has the honor to host a group of experts for an external evaluation according to the quality criteria of the

EUR-ACE specific reference system for accreditation of the school by the European EUR-ACE label for the year 2020.

## House of Entrepreneurship

An internal evaluation commission was held on October 17, 2019, for the benefit of ten candidates from our students in order to select a student representative of the school from the American program "Hult-Prize for the creation of a startup. The student **Nacef Abderaouf** was ranked first in this interview.

## STUDENT-COMPANIES Forum

The School organized on November 4<sup>th</sup>, 2019, the 2<sup>nd</sup> edition of the Student-Companies Forum.

Exhibition stands were dedicated for each of the participating companies to publicize their products and their missions. The executives of these companies provided explanations on the steps to start a business.

During this day, conferences were given. Two workshops were facilitated by professionals to provide clarification to students on the writing of the motivation letter, the development of a resume the terms of job interviews.

## Partnership Agreements

On the sidelines of the day of the student-business forum organized, two partnership agreements were signed with the ANBT and the CEA (Algerian Economic Club).

## Thematic conferences

On the 5<sup>th</sup> of November 2019, a thematic conference for the benefit of 3rd year students of the second cycle on "the daily operation of the Fouka desalination plant" was given by

**Mr. KHATEB Mohamed** the Technical Director of MIYAH TIPAZA SPA.

## Participation of research professors in scientific events
