Intra-African Academic

Mobility in Water resources

As part of INTRA-AFRICAN ACADEMIC MOBILITY in water resources, the School participated in the teaching programme of the postgraduation (master) in water resources at the University of Kinshasa in the Democratic Republic of Congo (DRC).

This program aims to train human resources specialized in the management of water resources as well as to help and respond to the pressing needs related to water on the African continent.

scientific and technical

Book exhibition

The school and the office of university publications organized an exhibition of books for the benefit of students, in order to present the product of the office in various specialties related to hydraulics, mathematics and chemistry.

Likewise, the office presented the "IQRAA" digital library that it has online through the internet.

General assembly

On the six th of January 2022, the General Assembly meeting was organized at the school, in the presence of the administrative staff, the administrative employees and

contracted agents under the chairmanship of the director **Dr. HEBBOUCHE Abdelhamid** In order to raise professional and social concerns so that they can be considered and taken into account of later by the administration.

Yennayar's party

The school, in collaboration with the HEC science club, organized a celebration of the Amazigh New Year "Yennayar 2972" on January 18th, 2022. The programme focused on the exhibition of handicrafts, jewellery, outfits and traditional culinary art made and prepared by the students of the school.

The martyr's celebration

On the occasion of the celebration of the National Martyr's Day which corresponds to February 18th of february each year, the school celebrated this event by raising the national flag followed by a word from the director **Dr. HEBBOUCHE Abdelhamid** then there was a visit to an exhibition of photos, magazines and historical publications related to this event.

pedagogical committee

On the fourteenth of February 2022, the school organized a meeting with the pedagogical committees of the preparatory and second cycle classes, in order to propose a programme related to pedagogical management and the resumption of attendance lessons in accordance with the health proto-
